MEMORANDUM FOR THE DEPUTY COMMANDING GENERAL FOR CIVIL AND
EMERGENCY OPERATIONS

SUBJECT: Section 205 – Continuing Authority Structural Flood Risk Management -
Approval of Model Project Partnership Agreements (PPAs) and Delegation of Approval
and Execution Authority

This responds to a memorandum from the Director of Civil Works dated September 30, 2016, requesting approval of a draft model project partnership agreement for the design and construction of flood risk management projects implemented under Section 205 of the Continuing Authorities Program. It also requests delegation of authority to approve PPAs that follow this model and delegation of signature authority of PPAs, once approved.

The model project partnership agreement for the design and construction of flood risk management projects implemented under Section 205 of the Continuing Authorities Program is approved. Approval of individual model project partnership agreements is delegated to the Director of Civil Works, with authority to further delegate to Division Commanders approval of PPAs that follow the model agreements without substantive deviation. Once a project partnership agreement is approved, authority to execute an agreement may be delegated to the District Commander.

Proposed deviations involving policy issues, unique circumstances, or controversial matters should be forwarded to Corps Headquarters for resolution. My office should be consulted in those cases where a policy has not yet been established or is unclear, or if there is uncertainty about unique or controversial issues.

Assistant Secretary of the Army
(Civil Works)
