Section 7003 of WRRDA 2014 authorizes specific project modifications for water resources development and conservation and other purposes. These project modifications are authorized to be carried out by the Secretary substantially in accordance with recommendations of the Secretary, as specified in the Secretary's letters to Congress referred to in this provision. The projects identified in Section 7003 may be considered for inclusion in the budget if they are consistent with current program and budget priorities, including policies and procedures, in effect at the time of consideration. No work may be undertaken until funds are appropriated for these projects
