

US Army Corps of Engineers[®]
BUILDING STRONG.

Section 7002 of WRRDA 2014 authorizes specific final feasibility studies for water resources development and conservation and other purposes. These projects are authorized to be carried out by the Secretary substantially in accordance with the plan, and subject to the conditions, described in the respective Reports of the Chief of Engineers. The projects identified in Section 7002 may be considered for inclusion in the budget if they are consistent with current program and budget priorities, including policies and procedures, in effect at the time of consideration. No work may be undertaken until funds are appropriated for these projects.
