

Sea Level Change Curve Calculator User Manual Available

ALEXANDRIA, VIRGINIA. A user manual for the USACE Sea Level Change Curve Calculator version 2015.46 is now available. This user manual provides step-by-step instructions for using the latest version of the online tool. Version 2015.46 employs the same computations as its predecessor, version 2014.88, yielding the same projections along with some additional functionality.

This Sea Level Change Curve Calculator was developed under the Comprehensive Evaluation of Projects with Respect to Sea Level Change (CESL) component of the Responses to Climate Change Program (RCC). It is designed to assist users in applying guidance outlined in Engineer Regulation (ER) 1100-2-8162 - *Incorporating Sea Level Changes in*

Civil Works Programs, and Engineer Technical Letter (ETL) 1100-2-1 - *Procedures to Evaluate Sea Level Change: Impacts, Responses, and Adaptation*.

To access the tool, click on the link below in the **Learn More** section.
